## BRAND NEW YACHT

## 400 FLY

Galeon 400 FLY joined the fourth-generation yacht family, as one of the smallest models to offer the innovative “Beach Mode”. The yacht has been designed to offer the highest tier of maneuverability and stability while on the waves. The interior comes in a few possible modern variants, with additional options available upon request.

The yacht’s dynamic shape is a clear extension of Galeon’s characteristic design, with large windows merging with the hull form under acute angles. The upper deck is accessible by a comfortable staircase.
