

iAQUA

EXCLUSIVE UAE DEALER

iAQUA

SEADART

MAX+

The **iAQUA SeaDart MAX+**, as its name suggests is a maxed out iAQUA SeaDart. Capable of 21 km/h, diving to 30 meters and running flat out for 80 minutes. Using Samsung cells has allowed us to get way more power than the LG cells in the FUN. The iAQUA SeaDart MAX+ comes fitted with a set of 1700 lumen LED sub-lights and also features T-3000 modulus carbon fibre on both the LCD and jet outlet bezels.

SEADART MAX+

SEADART MAX+ based on the same famous iAqua internal architecture, capable of taking you to a 30m depth at 21km/h for over 80min of exploration.

It comes fitted with a set of 1700 lumen LED Sub-lights and our Shark-guard technology.

Max+ also features T-3000 modulus carbon-fibre cowlings for the display and jet outlet, which helps reduce the weight and enhance the aesthetics.

- 21km/h max speed
