

The all new iAQUA X-Jet™ Xtreme

The world's fastest, most powerful, and most versatile electric surfboard.

The X-Jet™ sets the standard again in hydrodynamic performance and ride stability. With 2 full length centre stabilising keels, and two full-length side reverse chines/ fins built into the design of the board to give precise and safe straight line stability, and efficient power usage whilst planing. Every part of the boards hull has been designed for zero friction and lift through the water. Take the motor for example, it is completely shielded and enclosed within the body, for protection and hydrodynamic performance. If you release the throttle it will still glide through the water.

S P E C I F I C A T I O N

BODY MATERIAL	100% Carbon Fibre
MAXIMUM POWER	20kW
TOP SPEED	68kph
BATTERY VOLTAGE	72 V
BATTERY CAPACITY	3670Wh
WIRELESS REMOTE/THROTTLE	Yes
WIRELESS REMOTE/THROTTLE CHARGER	Yes
EMERGENCY MAGNETIC KILL SWITCH / LEASH	Yes
BALANCE/CONTROL LEASH	Yes
ADJUSTABLE, MULTI-POSITION FOOT STRAPS	2
OPERATING RANGE	25km - 40km
OPERATING TIME	40m - 1h 20m
Min and max typical usages depending upon rider weight, power level setting and sea conditions.	

Powerful Jet Drive

Adjustable Foot Holds
