BRAND NEW YACHT

A BORN ENTERTAINER, EXUDING WARMTH AND ELEGANCE

CLB72 proves how beautifully form and function can work together. This watercraft fuses stunning design with impressive performance for a vessel that offers modern explorers the whole package – and then some. Feeling inherently connected to her sister models, yet standing apart on her own merits, CLB72 interprets the same CL Yachts hallmarks of CLB88 in a smaller build. From the strategic use of carbon fiber that ensures best-in-class efficiency and performance, to elegant, comfortable lounge spaces that connect families aboard, it is a vessel that embodies all that is exceptional about the CL Yachts experience.
